Lesson – (30 mins)-

\*Resumes:

Log into Career Cruising/Employment/Resumes-click blue tab on left, starting on top and work your way down. Your initial resume will include truthful information about your education, experiences, skills, and achievements. As you gain more experience, education, skills you may revise your resume from a chronological to a functional format or a combination of both.

\*National Honor Society Application

Whether or not you are interested in applying for the NHS, using the form will help you gather information often used for resumes. Looking over the NHS application now will give you time and practice to prepare a document that will have information often requested for college applications and scholarships. **National Honor Society Application form**

**Closure (5 mins) –**

- Keep career information separate from personal information. Your image where ever online will affect potential clients, employees, and future relationships. Google yourself to find out what others can find out about YOU!
